

BungoTaiga is a Racist Pedophile

PLEASE BE AWARE THERE ARE GRAPHIC NSFW IMAGES IN THIS DOC

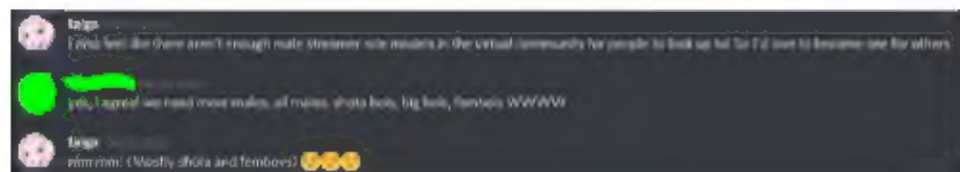

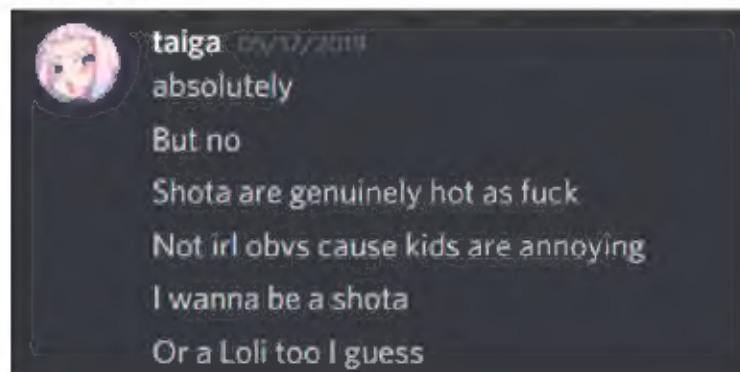

BungoTaiga (currently @bungotaiga on twitter) is a VTuber who, despite appearing nice and cheerful in public, has made several concerning actions behind the scenes. These actions include pedophilia, racism, transphobia, and general toxicity. For those who are sensitive to such discussions, consider this a trigger warning for the aforementioned things. This document is a group collaboration of BungoTaiga's own moderators, both current and former, as well as the victims of his actions and behavior, to highlight and expose him as the toxic, disturbing and dangerous threat to the community that he really is.

Within the provided documents, you will see various names and profile pictures he has used in the past, to which we will try to link everything together at the end as proof these are all the actions of the same person.

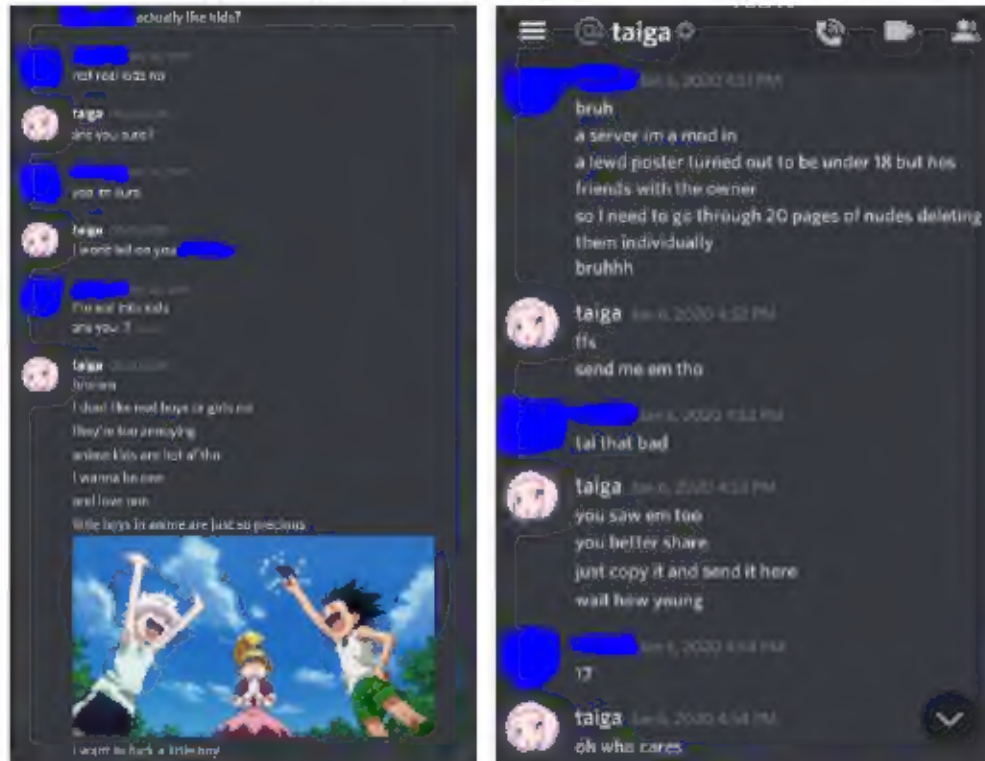

Many names and profile pictures have been censored to protect the identity of the people who are in these screenshots. Beyond covering these names, the images here have not been edited or doctored in any way.

PEDOPHILIA

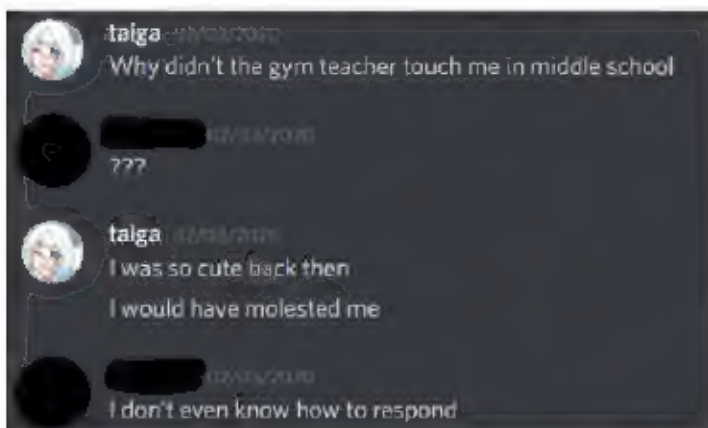

We start with the worst thing about him to warn you all how dangerous he is, and that is the fact that BungoTaiga is a pedophile. He has denounced Shotacon and Lolicon publicly when confronted on the topic, but that is more to save face than anything else, as he has consistently admitted that he finds young children to be sexually attractive in private messages and backchannels.

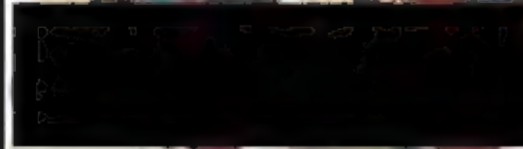

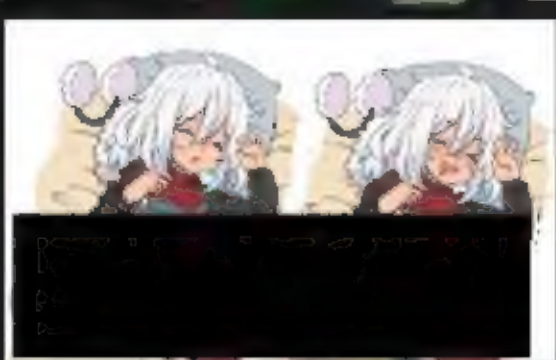

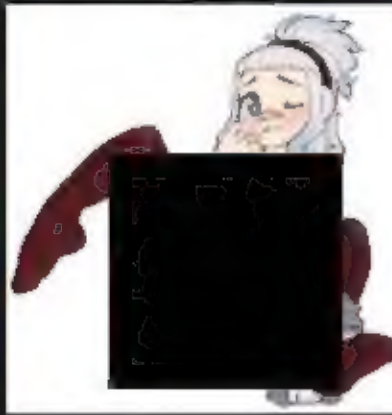

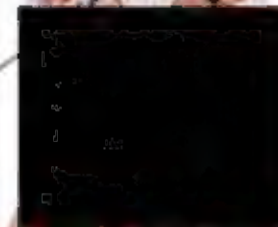

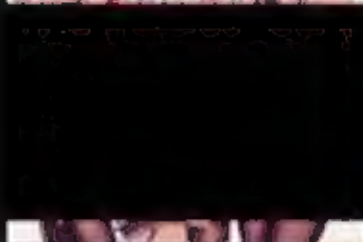

This is made significantly worse when you take into account the several instances he has referred to minors in a predatory fashion. In the images below, he can be seen excitedly demanding the nudes of a minor, and upon finding out that they were 17 years old, he expresses his disappointment that the victim photographed wasn't prepubescent.

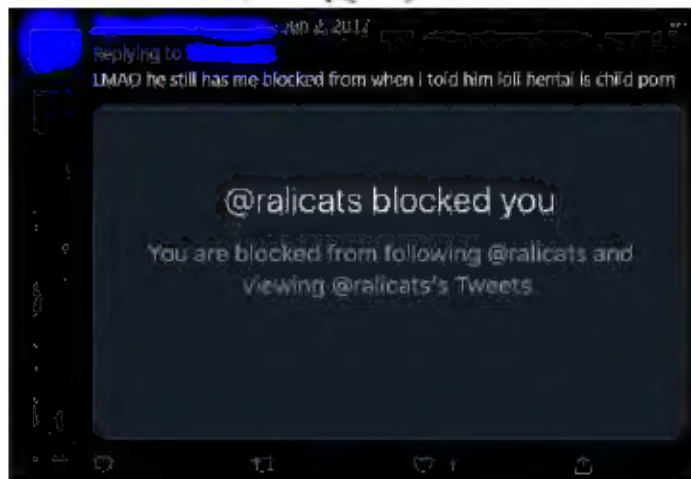

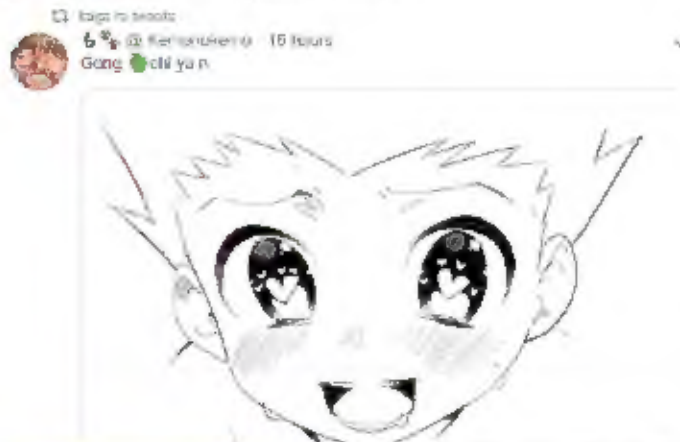

He has consistently talked about wanting to be sexually assaulted as a minor, even going so far as to say that he would sexually assault himself, if he were to encounter himself as a child today.

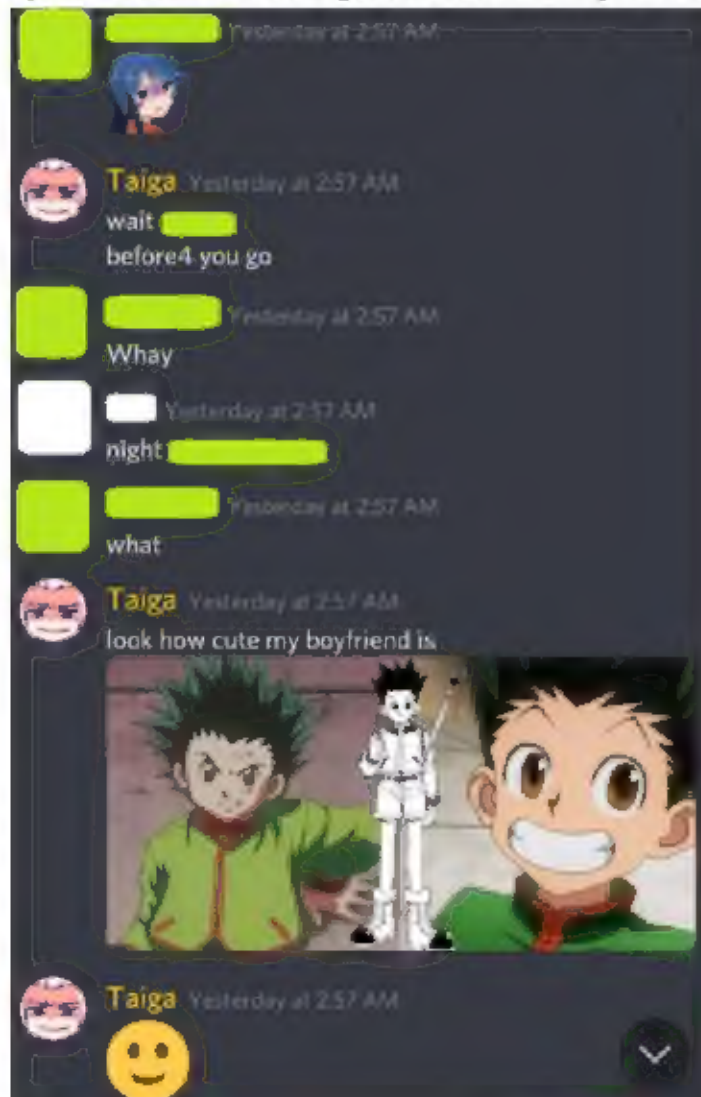

BungoTaiga has a consistent habit of commissioning artwork of his original characters as children, aging from prepubescent to just older than an infant. All of these images are sexual in nature and are largely kept private. BungoTaiga also will often crop this pornography of underage characters to show it on Twitter, on his livestreams, and create profile pictures. The images pictured below are all confirmed to be commissioned by BungoTaiga.

Shown below are instances that he has shown his affinity for sexualizing children in now deleted posts and renamed twitter accounts. You can easily find these posts by searching @ralicats or @BungoTaiga in the Wayback Machine.

If you think he could have changed such behavior during this time, think twice.

Pictured below, someone asks for the information regarding an incident in which Bungo Taiga had allowed for a minor's nudes to be on his server. Due to the fact there are no direct screenshots of taiga, this may need to be taken with a grain of salt.

do you remember [redacted] or whatever

I heard he actually posted nudes there
that true?

[redacted] 10/21/2020

near the end, right before he was kicked

I don't remember if it was theirs or not

[redacted] 10/21/2020

ah I see

I was gone when it happened and came back and he was gone
just thought he got kicked for being annoying

[redacted] 10/21/2020

I was asleep and woke up to [redacted] removing them, cause Taiga was a bitch about it

[redacted] 10/21/2020

taiga was a bitch about it?

[redacted] 10/21/2020

they needed gone sooner honestly
not removing them or caring

[redacted] 10/21/2020

he didn't want to remove 14 year old nudes

I see

"Himepen" was another VTuber that was exposed as a pedophile in 2020. BungoTaiga outwardly made it a point to criticise this, but once again expresses his true opinions behind closed doors. Not only does he defend Himepen and her behavior, but he criticises and attacks those that would condemn her. Below, you can see his opinion is that she was not only in the right for lusting after young children, but was a member of the community that was, in his own words, "nothing but nice."

taiga 12/15/2020
But the evidence is weak at best.
It's clear whoever this is has been stalking and harassing her for years, following her to whatever community she goes to.
They probably got her in a vice, fell in love, had their heart broken, and are now trying to ruin her life.
That's just my theory tho. ❤️

taiga 12/15/2020
I think I'm more concerned about the behavior and the language she used. I haven't finished reading the document as I am currently working.
But I agree, to let the police handle it as this situation is a bit fragile.
taiga 12/15/2020
Sure I get that.
But you gotta remember that this didn't happen yesterday.
People change.
Himepen has been nothing but nice to every single person in this community.
Giving them a chance to grow by knowing them.
Sure it wasn't very nice, but it was also two years ago.
We really gotta kick her out of the community because she said something mean two years ago?
Especially since that's the only instance of her ever being like that, so I'm inclined to believe she got angry just was upset.

BungoTaiga has shown obsessive behavior over his own perceived fame, and profiting off of the VTuber community by any means necessary, regardless of the people he endangers in this pursuit. Below are multiple listed examples of BungoTaiga posing as a minor as young as 12 years old when posting nude or scantily-clad images of himself to network with sexual predators and fellow pedophiles, bringing them into the VTuber community in an attempt to benefit himself.

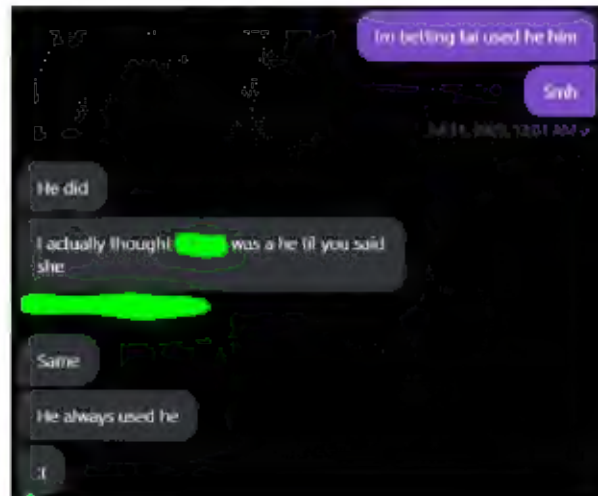

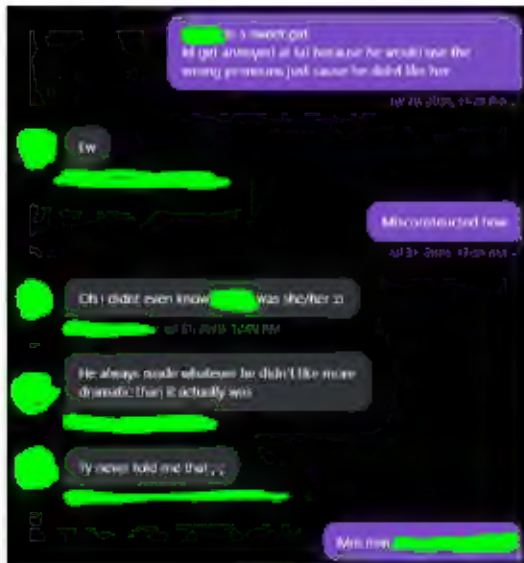

RACISM

BungoTaiga has a history of making racist remarks towards people that he doesn't like, he makes racist jokes and jabs at people and has previously talked badly about BLM. Much of it has been lost due to it being on previous, private, and suspended accounts. But here is what was recovered.

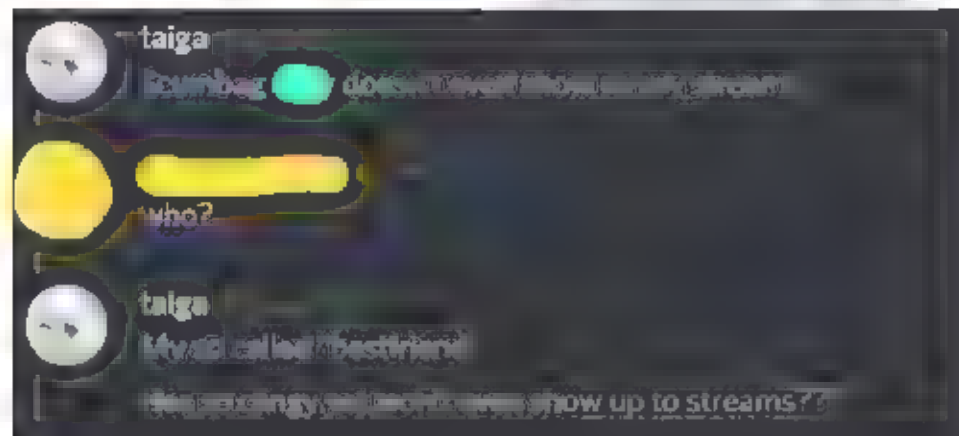

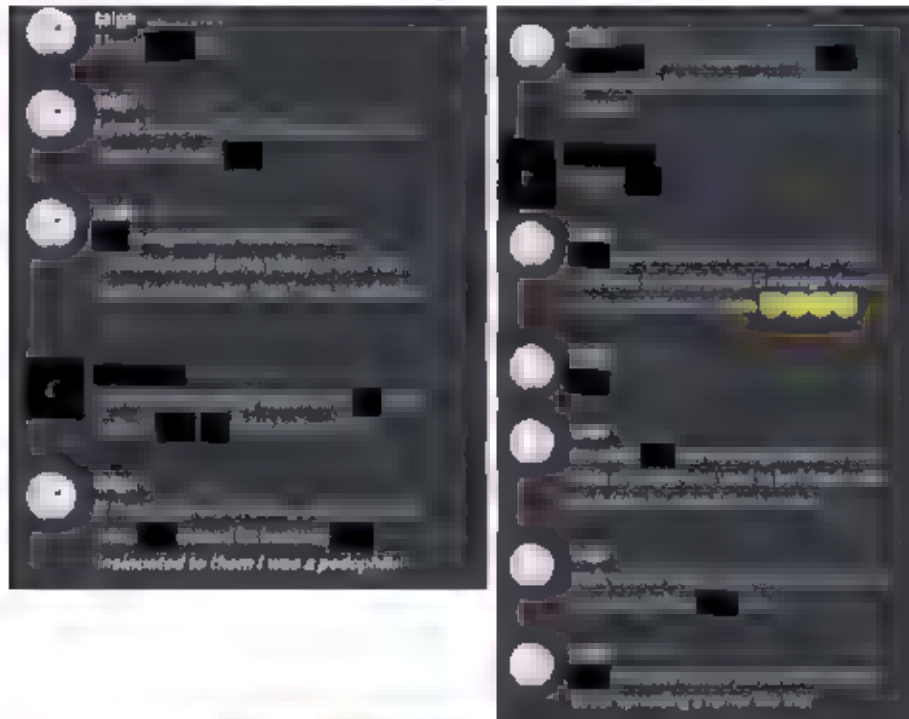

TRANSPHOBIA

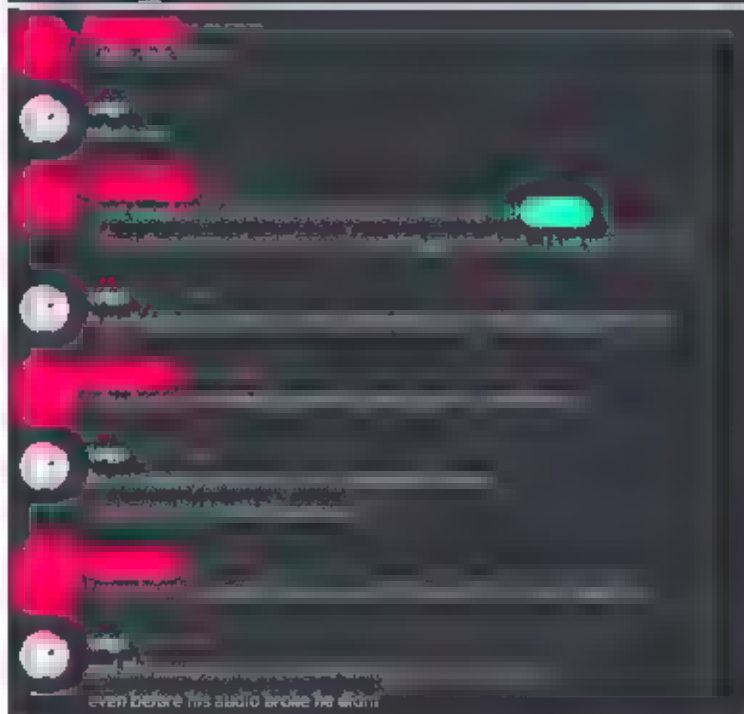

BungoTaiga has consistently shown a lack of respect for transgender people in multiple ways. He will often misgender transgender people both in voice chat, DMs and publicly as a form of passive aggressive disrespect.

GENERAL TOXICITY

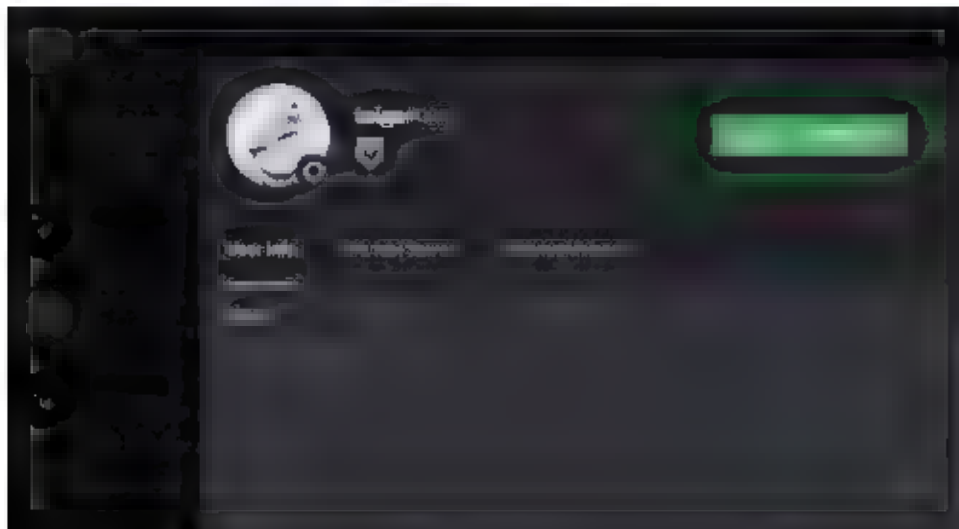

The following section will be of various examples where BungoTaiga's toxic personality has leaked out. A more detailed document with more examples has been made by another collaborator. make sure to check it out if you would like to know more.
